Description

This Bavaria 32 Sport is a rare high quality find, combining German engineering, performance and luxury in a very nice package. BAVARIA yachts are characterized by a clever layout, high-quality materials and thoughtful attention to detail. Bavaria has been producing this model for over ten years and with the yacht approaching the ideal of an open sports cruiser. The German designers have made the most of the space inside the wide hull, which has had a positive impact on the size of the living areas. The salon of this yacht is divided into two independent zones: in the bow behind the galley there is a wide double bed which does not need to be dismantled to sit at the table. Two more berths are in a separate central cabin. The designers have not bothered with portholes and skylights, cleverly solving the problem of natural light on the lower deck. The yacht's cockpit can be transformed into one large beach, separated only by a flip backrest between the sun beds and wide seats, with the front passenger seat instantly transformed into an extra seat at the table.
